## CALLS FOR PAPERS

## Call for Papers

Prospective authors are invited to submit original research papers for publication in the upcoming issues of our *Infocommunications Journal*.

Topics of interests include the following areas:

- Data and network security
- Digital broadcasting
- Infocommunication services
- Internet technologies and applications
- Media informatics
- Multimedia systems
- Optical communications
- Society-related issues
- Space communications
- Telecommunication software
- Telecom. economy and regulation
- Testbeds and research infrastructures
- Wireless and mobile communications

Theoretical and experimentation research results achieved within the framework of European ICT projects are particularly welcome. From time to time we publish special issues and feature topics so please follow the announcements. Proposals for new special issues and feature topics are welcome.

Our journal is currently published quarterly and the editors try to keep the review and decision process as short as possible to ensure a timely publication of the paper, if accepted. As for manuscript preparation and submission, please follow the guidelines published on our website

[http://www.infocommunications.hu/for\\_our\\_authors](http://www.infocommunications.hu/for_our_authors).

Authors are requested to send their manuscripts via electronic mail (preferably) or on a CD by regular mail to the Editor-in-Chief:

## Call for Proposals of Special Issues

*Infocommunications Journal* welcomes proposals for Special Issues – collections of papers dedicated to a particular topic of interest for the readers of the journal.

A Special Issue can be based on a recent high quality workshop or conference or papers can be collected from open call. Invited papers can be part of the special issue as well.

A Special Issue can fill in a whole issue, in which case the number of papers is expected to be 8 to 10, or it can be a Mini – Special Issue. In the latter case, at least 3, preferably 4 papers are required.

Proposals for special issues should include:

- contact information (name, e-mail, title, affiliation and address);
- resume(s) of the proposer(s), with a representative list of recent publications and related experience (Editorial Board memberships, Guest Editorships, or roles in relevant conferences' program committees);
- the proposed title for the special issue;
- the way the special issue will be compiled (contributions solicited from a technical event, or to be collected from call for this special issue;
- intent to include invited papers should be also indicated, if possible with the names of professionals who are planned to be invited;
- scope and motivation and description of the special issue;
- guest editors (if different from the proposers) with detailed contact information and resumes.

Proposals should be sent to the Editor-in-Chief:
